## FORWARD

Mason Security Network, Inc. (MSN) is a provider of professional contract guard services to the United States Government. MSN also provides quality security guard services to state and local governments as well as corporate structure security.

MSN's services are approved for purchase under a government-wide contract available for use by any federal agency, the Multiple Award Schedule (MAS). This makes it easy and convenient for your agency to put the MSN professional team to work for you immediately.

MSN is ready to respond to the security requirements of your agency. Through high-quality practices, MSN has formed a record of outstanding performance. MSN has a reputation for providing highly qualified and extremely dependable security personnel.

For information about Mason Security Network, Inc. or procurement of our services, please contact Ron Mason, Vice President at 606.524.1526.

## INFORMATION FOR ORDERING ACTIVITIES

Orders placed pursuant to the MAS, using the procedures set forth in FAR 8.404, are considered to be issued pursuant to full and open competition. Therefore, when placing orders under the MAS, ordering offices need not seek further competition, synopsise the requirement, or make a separate determination of fair and reasonable pricing. GSA has already determined the prices of items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures outlined in FAR 8.404, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

## INTRODUCTION TO MASON SECURITY NETWORK, INC.

Headquartered in Southeastern Kentucky, Mason Security Network, Inc. (MSN) is a veteran owned and Hub zone certified organization. In addition to our home office in Cannon, Kentucky, we have client support locations in Barbourville, Kentucky, Williamsburg, Kentucky, Wheeling, West Virginia, and Fort Worth, Texas. We have over six years of providing quality security services to the United States Government.

The MSN leadership team has over 60 years of experience in providing security from the large to the small. Ted Mason, the company President is a retired Kentucky State Trooper with over 20 years experience working in hazardous situations as a trooper. He later worked in the Kentucky Department of Justice in the corrections department. Ron Mason, Vice President has retired from the military with 35 years of experience as an Army Officer. He retired as a Major General. During his military career, he has provided security for everything from the borders of a small country, to forward operating bases for the Army. Since the formation of MSN in 2003, they provide protection for some of the nation's most sensitive infrastructure, including high occupancy government buildings and government computer centers.

# Mason Security Network

MSN fully utilizes their comprehensive experience and expertise in all aspects of facility security management. With four customer-focused locations throughout the country, and highly focused, standardized recruitment, qualification and training programs, MSN has the capability to provide uniformly qualified and trained security officers throughout the United States with very little lead time.

MSN can provide a broad range of security support services. Our security specialists and officers can perform armed and unarmed post/gate control, roving foot patrols, management of central communications/security centers, CCTV and alarm monitoring, security escort, security training, threat assessment, emergency preparedness evaluation, vehicle and visitor screening, and first responder emergency services. Our clients include the Federal Bureau of Investigation, the Immigration and Naturalization Services, now Citizen's Immigration Services, and Computer Services Corporation.

At MSN, we take pride in becoming a partner with our clients, thus being more than a security provider. We believe the trust that our clients place in us is a direct result of the partnerships we have built and the tried and proven process of only placing the most professional guards in all our client support locations. We actually become an integral part of the success of our clients' missions. We are committed to security through integrity.

## **LABOR CATEGORY INDEX SIN 246-54: GUARD SERVICES**

The following paragraphs establish required qualifications for the corresponding labor categories. Each labor category contains a narrative description of the most prevalent and typical aspects of the duties and responsibilities of each category. Please note that these are not all inclusive listings. Specific customer needs may vary and task order requirements are stated accordingly.

When a specific labor category defines an amount of years experience as a substitute for an educational degree, only one degree may be substituted for each defined experience period. Registration as a Certified Protection Professional is considered equivalent to a Bachelor's degree. If the number of years experience is not provided as a substitute for an educational degree in a labor category, then a minimum of five additional years of specialized experience is required. If a request for substitution of two degrees is submitted, then ten additional years of specialized experience (five for each degree) must be provided in the nominee's work experience documentation (resume). Additional degrees may also be considered as a substitute for a lack of required experience tenure. An additional degree may substitute for the lack of two or fewer required years of experience.

# Mason Security Network

MSN carries basic liability insurance coverage for its security force. If the ordering office desires insurance coverage above the policy amount or performance bonds for security guards, the fees for such services will be negotiated outside the scope of this contract. MSN can additionally provide security officers with varying levels of security clearance. The ordering office should contact our Vice President, Ron Mason at 606.524.1526, to obtain pricing information for these services.

# Mason Security Network

## SERVICE POSITIONS

**Job Title:** Security Officer I

**General Experience:** Two years of continuous work experience that demonstrates reliability, dependability, and good judgment. Individual must successfully complete a background investigation, including criminal and employment checks, as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Three years of continuous work experience that demonstrates reliability, dependability, attention to detail, and a good work ethic. Individual is required to demonstrate continuing physical fitness.

**Training/Education:** Requires high school diploma or GED and completion of a certified security training program or local, state or federal law enforcement training academy.

**Functional Responsibility:** Carries out instruction primarily oriented toward insuring that emergencies and security violations are readily discovered and reported to appropriate authority. Intervenes directly only in situations which require minimal action to safeguard property or persons. Duties also include: visitor control; maintenance of duty logs; report writing; communicating with and providing assistance to the public; and conducting roving patrols.

**Job Title:** Security Officer II

**General Experience:** Four years of continuous work experience that demonstrates reliability, dependability, and good judgment, and a minimum of one year armed security, law enforcement or military police experience. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Additionally, must demonstrate knowledge of the legal authority and limitations of an armed security officer. Individual is required to demonstrate continuing physical fitness and proficiency with firearms or other special weapons.

**Training/Education:** High school diploma or GED certificate and completion of a certified security training program or local, state or federal law enforcement training academy. Individual must successfully complete a firearms qualification program annually.

# Mason Security Network

**Functional Responsibility:** Enforces regulations designed to prevent breaches of security. Exercises judgment and discretion in dealing with whether first response should be to intervene directly (asking for assistance when deemed necessary and time allows), to keep situation under surveillance, or to report situation so that it can be handled by appropriate authority. Duties may also include: access control; personnel protection; plant security; theft prevention; surveillance; post/gate control; magnetometer screening; roving foot and vehicle patrols; security escort/dignitary protection; vehicle and visitor screening; armory management; first responder emergency services; communicating with and providing assistance to the public; preparing reports and duty logs; and rendering assistance as necessary.

**Job Title:** **Alarm Monitor**

**General Experience:** Five years of continuous work experience that demonstrates reliability, dependability, and good judgment, and a minimum of three years armed security, law enforcement or military police experience. Individual must have a thorough understanding of security policies and procedures, security and safety alarms, access control systems and emergency contingency plans. Must be mature and display clear presence of mind under stressful situations. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal and communication skills and present a neat and professional appearance.

**Training/Education:** High school diploma or GED certificate and completion of a certified security training program or local state or federal law enforcement training academy. Individual must possess a working knowledge of computers. Individual must have the ability to type 40 WPM. Individual must have certification as a CPR and First Aid Instructor.

**Functional Responsibility:** Operates communication equipment to receive incoming calls for assistance and dispatches personnel and equipment to scene of emergency. Operates telephone console and receives incoming calls for assistance. Questions caller and determines nature of problem and type and number of personnel and equipment needed, following established guidelines. Scans status charts and computer screen and determines units available. Monitors alarm system signals that indicate location of fire or other emergency.

# Mason Security Network

Individual operates two-way radio to dispatch police, fire, medical, and other personnel. Dispatches equipment and relays instructions or information to recall units. Types commands on computer keyboard to update files and maintain logs. Tests communications, alarm equipment, and backup systems for serviceability. Individual may provide pre-arrival instructions to caller, utilizing knowledge of emergency medical techniques. May activate alarm system to notify fire stations.

**Job Title:**

**Court Security Officer**

**General Experience:**

Five years of continuous work experience that demonstrates reliability, dependability, and good judgment, and a minimum of three years armed security, law enforcement or military police experience. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Additionally, must demonstrate knowledge of the legal authority and limitations of an armed security officer. Individual is required to demonstrate continuing physical fitness and proficiency with firearms or other special weapons.

**Training/Education:**

High school diploma or GED, completion of a certified security training program and completion of local, state or federal law enforcement training academy. Individual must successfully complete a firearms qualification program annually.

**Functional Responsibility:**

Patrols courthouse to provide security. Escorts defendants to and from courtroom, and stands guard during court proceedings. Individual monitors courtroom for security. Assignments include not only the control of entrances to the court but also attention to the special needs of the court system, particularly in the area of personal protection for the judges, jurors, witnesses, attorneys and other persons involved with the court, including the general public. Duties require specialized training in methods and techniques of protecting security areas. Individual is required to demonstrate continuing physical fitness and proficiency with firearms or other special weapons. Must be able to exercise tact and diplomacy dealing with members of the public and senior level government officials, and maintain control of government furnished equipment.

# Mason Security Network

**Job Title:** Security Police Officer I

**General Experience:** Five years of continuous security, law enforcement, or military police experience. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Additionally, must demonstrate knowledge of the legal authority and limitations of a police officer. Individual is required to demonstrate continuing physical fitness and proficiency with firearms or other special weapons.

**Training/Education:** Two year college degree and certification of graduation from a local, state or federal law enforcement academy. Must successfully complete specialized law enforcement training, and be proficient with the use of firearms.

**Functional Responsibility:** Enforces laws established for the protection of persons and property, by detaining, arresting, interrogating, and incarcerating suspected violators, and appearing as a witness at trials. Individual performs work in uniform or civilian clothes and is typically armed. Individual carries out general and specific assignments from superior officers in accordance with established rules and procedures. Maintains order, enforces laws and ordinances, and protects life and property in an assigned patrol district or beat by performing a combination of duties as: patrolling a specific area on foot or in a vehicle; directing traffic, issuing traffic summonses; investigating accidents; apprehending and arresting suspects; processing prisoners; and protecting scenes of major crimes. Individual may participate with detectives or investigators in conducting surveillance operations.

**Job Title:** General Security Clerk

**General Experience:** Two years of directly related experience performing administrative support functions for security operations. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Additionally, must demonstrate knowledge of the legal authority and limitations of a security officer. Must be highly organized and have excellent oral and written communication skills. Individual must possess experience using word processing and computer-based

# Mason Security Network

applications for the preparation of identification cards and other access control documentation.

**Training/Education:** High school diploma or GED certificate and completion of a certified security training program or local state or federal law enforcement training academy; working knowledge of computers. Individual must have the ability to type 40 WPM. Individual must possess certification as a CPR and First Aid Instructor.

**Functional Responsibility:** Functions as administrative support specialist for an office or program. Individual performs all administrative support functions required by the activity. Prepares reports and other published material; prepares briefing material; establishes and maintains program files; operates and maintains computerized identification and screening programs and issues passes and badges as required at access control points.

**Job Title:** **Security Police Officer II**

**General Experience:** Seven years of continuous security, law enforcement, or military police experience, of which at least two years must be supervisory in nature. Specialized or supervisory experience includes: project development, management and control of funds and resources, demonstrated capability in managing multi-tasks and supervising one or more subordinate units consisting of a squad or multiple squads of security or law enforcement personnel. Individual must successfully complete a background investigation, including criminal and employment checks as well as a drug screening. Must have good interpersonal skills and present a neat and professional appearance. Additionally, must have detailed knowledge of armed security operations and contract security programs managed by Governmental Entities. Individual is required to demonstrate continuing physical fitness and proficiency with firearms or other special weapons.

**Training/Education:** Requires bachelor's degree or equivalent experience. Certificate of graduation from a local, state or federal law enforcement academy, including satisfactory completion of certified firearms and defensive tactics courses. Individual must successfully complete a firearms qualification program annually.

# Mason Security Network

**Functional Responsibility:** Responsible for the supervision of SPOs within a district or division. Prepares work schedules; participates in recruitment, hiring, qualification and termination of SPOs; supervises and evaluates SPO performance; ensures that SPOs receive proper training; resolves personnel issues; prepares operational reports; ensures complete security coverage of the facility; conducts training sessions for SPOs; counsels and disciplines SPOs; and implements post and general orders.

**Job Title:** **Fire Alarm Systems Mechanic**

**General Experience:** An individual charged with fire alarm systems selling, installation and service, or monitoring under the specific classification of fire alarm systems installation and maintenance.

**General Requirements:** Be at least 18 years of age.  
Be of good moral character.  
Be employed by a certified alarm contractor.  
Satisfy all local experience, education and examination requirements.

**Experience and Educational Requirements:** Hold a 4 year baccalaureate degree in electrical engineering from an accredited university or college and have two years of experience in the alarm industry.

Hold an associate's degree in engineering technology from an accredited two-year technical college with at least four years of actual experience in the alarm industry.

Hold a current certification by a national training program in fire alarm systems and have at least five years working experience in the alarm industry covering the actual installation or monitoring of fire alarms.

**Professional Security Services for State and Local Government (other than SCA wage pricing):** Contact Contractor's representative for competitive pricing.

**Professional Security Services for Corporate Structures (other than SCA wage pricing):** Contact Contractor's representative for competitive pricing.
